## CAREER OPPORTUNITIES

If you love the outdoors, have a great appreciation of nature, love to challenge yourself and work as part of a team then it can be such a rewarding career!

By successfully completing the Certificate II in Arboriculture can lead into further study of the AHC30820 Certificate III in Arboriculture and result in potential career opportunities within the arboriculture industry.

- Climbing Arborist
- Ground Crew Arborist
- Cutter Working From EWP
- Coordinator Tree Management
- Specialist Tree Climber
- Subcontractor
- Council Vegetation Management Worker

## QUALIFICATION DESCRIPTION

Develop your skills and knowledge to seek a career in ground-based tree worker for the arboriculture industry.

Discover how to perform a range of ground-based arboriculture activities under supervision including:

- Pruning of trees
- Felling of small trees
- Operation of chainsaws, and
- Operational equipment required for processing and removal of tree material.

People who work in this industry involve high risk operations in support of arborists.

Learn with us how to manage good work practices that are undertaken within a strict safety regime to protect workers and the public.

**Duration is typically 0.5 -1 year**
